Child Liable to Be Spoiled. At Saratoga, there has just occurred a case which is probably unique of its kind. A child has been born while its father, grandfather, great-grandfather and great-great-grandfather are all living. His name is Urticochea, and the family are Esque farm laborers. The great-grandfather and great-great-grandfather have acted as godfather to the child. The united family constitute nearly a whole village.

Lotus Eaters. In Greek legends lotus eaters were a people who ate the fruit and drank the juice of the lotus, a prickly shrub possessing the power to cause consumers to lose all thoughts of home and kindred and to sink into a stupor in which they were but half awake and half asleep. The term is now sometimes applied to persons who forget the claims of relatives and country, or to those who lead a languid and listless life.

Humorous Indexing. Indexers have been responsible for many errors, but possibly the strangest example of curious indexing occurs in a law book. Turning over its index, a correspondent of the London Chronicle noted the entry: "Best, Mr. Justice, His Great Mind," and reference to the page brought this: "Mr. Justice Best said he had a great mind to commit the witness for contempt of court."

Overcharged. The attorney for the gas company was making a popular address. "Think of the good the gas company has done!" he cried. "If I were permitted a pun, I would say, in the words of the immortal poet, 'The Light Brigade.'" Voice of a consumer from the audience: "O, what a charge they made."—Youth's Companion.

To Restore Good Health

The first thing to do is to correct the minor ailments caused by defective or irregular action of the organs of digestion and elimination. After these organs have been put in good working order by timely use of

BEECHAM'S PILLS

(The Largest Sale of Any Medicine in the World) better digestion results, and then the food really nourishes and strengthens the body. The first dose gives relief and sounder sleep, quieter nerves, and improved action of all the bodily organs are caused by an occasional use of Beecham's Pills. They give universal satisfaction and in safety, sureness and quickness of action Beecham's Pills

ECHOES FROM THE LODGE ROOMS

County President Visited Ladies' Auxiliary, No. 54, A. O. H. Owls Plan For Whist—N. E. O. P. Grand Lodge Meeting Show Loss in Membership in This State.

ORDER OF PROTECTION.

Thames lodge, No. 528 transacted a regular business meeting in Foresters hall on Tuesday evening with a large attendance. Mrs. A. E. Foley, the Warden presided.

Representatives of 86 lodges of the New England Order of Protection met in Bridgeport April 8th at the twenty-sixth annual gathering of the grand lodge of the order. Grand Warden William G. Comerford of Hartford reported that financially the order was in better condition than at any time since its organization. The offering of diamond rings, gold jewelry and gold pins for new members had resulted in a considerable gain, but he recommended that prizes be discontinued or some other inducement substituted.

Special mention was made of the work of Fort Hall lodge of New Haven, Adelphi lodge of Bristol, the six Bridgeport lodges and lodges in Windham, Colville, Torrington, Willimantic and Meriden.

Among the recommendations were a state day and district deputies meetings.

Grand Secretary J. J. Minnix of New Haven reported consolidation of lodges in Meriden and Waterbury during the year, reducing the total lodge by 2. The membership, December 31, 1913, was 12,088, a net loss of 189. There were 162 deaths during the year.

The financial statement of treasurer F. M. Drew of Ansonia showed receipts including the last year's balance of \$10,482.24 and expenditure of \$10,482.24, leaving a balance of \$2,831.81. The receipts showed a falling off.

BENEFIT LEAGUE.

Norwich Council, No. 25, in Pythian hall on Monday evening conducted a fairly good attended business meeting.

The president, J. H. Allen, M. D., occupied the chair.

INDEPENDENT FORESTERS.

Court Norwich, No. 4289 had a large attendance at their very enthusiastic meeting Monday evening in the 4th Bill block. Besides the regular routine of business three applications were received. There is going to be a class initiation in Hartford May followed by a state convention and banquet.

The delegates appointed from this lodge to attend the convention in William Roridan with L. Mead as alternate. Owing to the fact that the recent dance given was so successful it was decided to give another in the near future, the exact date has not yet been agreed upon. Chief Ranger J. Larimer presided at the meeting.

ODD FELLOWS.

Unica lodge, No. 11, in Odd Fellows hall conducted a largely attended meeting, Noble Grand E. K. Manning occupying the chair.

OWLS.

Norwich Nest, No. 1396, in Owls hall on Tuesday evening conducted a very large and enthusiastic meeting. President M. B. Johnson had charge of the meeting. The entertainment committee reported that everything was completed for Friday night which will be held on April 23 (Thursday). During the evening Lang's orchestra will give a concert and the members will give for a whist to be held on May 1st to end up the social activities of the season.

KNIGHTS OF PYTHIAS.

Wauregan lodge, No. 6, with a fairly good attendance transacted a regular business meeting on Tuesday evening in the Pythian hall, at which time one candidate was initiated. Chancellor Commander Knowlton presided in his usual good manner.

SOCIAL CORNER.

(Continued From Page Fourteen.)

In bins or cupboards or scattered loose in dark, damp corners.

To prevent the white of an egg from spreading over the yolk when frying it put a pastry cutter into the pan, pour the egg into this and it will keep a nice shape.

If possible, all market packages should be opened out on the back porch or in the laundry, as there are sometimes roaches that find their way into the kitchen by means of the grocers' packages.

To prevent the juice of pies running over, spread a thin rim of butter around the under crust at the edge before putting on the top crust. The juice will not escape, and the flavor of the pie will be improved.

When combing out a child's hair, if you start combing at the ends first and then gradually work upward, the knots will be easily removed without discomfort. Go gently to work and afterward brush the hair thoroughly.

WHAT TO DO WITH OLD LACE CURTAINS.

Sisters of the Social Corner:—Any of you who are fortunate enough to be the owners of old lace curtains have the material for making many useful things. If the pattern is small and dainty, and enough duplicates of it are intact, then they may be applied successfully to net for yokes, cuffs and even panels for children's wash dresses. For the latter purpose the pattern should be sharply cut out and arranged to the best advantage on a background of linen or washable material and basted firmly, taking care that all of it is perfectly flat. Either buttonhole the outline invisibly in white or use a thicker thread and bolder stitch. Let the applique stand out distinctly; if fancy dictates, work in veinings and other markings to suit your taste.

It is a comparatively easy matter to convert the large undamaged pieces of old lace curtains into a variety of table and cushion covers, etc. By combining with linen or batiste very effective bureau or table covers can be made in many attractive patterns.

RUTH.

FRANK ENJOYED THE ANNIVERSARY.

Dear Editor and Social Corner Folks:—How do you all find yourselves on this rainy morning? I am rather downcast and dull with all sorts of work on hand; but the lessons of hope and courage and trust from the loved ones of the Social Corner gives zest to the beautiful side of life, and chases away gloom, creates a desire to live more worthily.

Hurrah for Editor of The Bulletin's Social Corner, and the half dozen members who gave the first sign of life with Housekeeping Ideas, methods of living and subjects of moral and religious activities. It was on Broadtop Mountain General Washington lost his gold buckles; and on the Fourth Anniversary of the Social Corner old glory waved and brought interesting letters from so many. So three hundred and twenty Sisters and Brothers were glad to read letters from those so long silent and the poems all which I prize highly.

I wish you all continued and merited success.

FRANK.

UNITED WORKMEN.

Grand Master Workman Bishop and Grand Medical Examiner Wheeler paid a visit to Stonington lodge, No. 8 of Stonington at its last regular meeting. A fine meeting was held and indications that affairs in this part of the state are in a thriving condition, were noticed on all sides. A fine program of entertainment was enjoyed by the New Haven visitors, consisting of vocal selections by brothers of unusual talent, and refreshments which were served late in the evening. During the evening Brothers Bishop and Wheeler passed remarks suitable for the occasion and thanked the Stonington brothers for the treatment received, besides commending them for the prosperous outlook of affairs so evident throughout the evening.

LADIES AUXILIARY, A. O. H.

Division No. 58 had a visit from the state president, Mrs. Annie T. Henley of New London, at its meeting on Thursday evening in Eagles hall and had a particularly well attended and interesting meeting. Miss Catherine Brennan, the president, called the meeting to order at 8 o'clock and after the disposing of routine business the division had a large class initiation. The work in good form that won the approval of the state president.

The financial statement of treasurer F. M. Drew of Ansonia showed receipts including the last year's balance of \$10,482.24 and expenditure of \$10,482.24, leaving a balance of \$2,831.81. The receipts showed a falling off.

BEEF RAISING IN CANADA.

The Beef Cattle Breeders' Association of Prince Edward Island has been formed through the efforts of the island's provincial department of agriculture. Its object is to encourage the breeding and improvement of beef cattle. It is probable that the association will supervise the importation of registered Herefords, Galloways, Polled Angus and English Shorthorns. Found best suited to Eastern Canada. Beef animals in Prince Edward Island number 45,000 to 50,000 and are, if anything, decreasing. While corn can not be grown successfully for fattening cattle, the peas, oats and turnips, which are plentiful and easily produced are said to be equally valuable in beef-making qualities. The number of cattle in the Dominion of Canada has gradually fallen from 4,822,828 in 1908 to 4,098,909 in 1912.—Consular Report.

RAILWAY TIME BY WIRELESS.

The Compagnie du Nord of France is the first railway of the world officially to adopt the regulation of its timetables by wireless time-signals. Railways ordinarily regulate the station clocks on their lines by means of signals that are transmitted over the telegraph wires. This method frequently interrupts the regular telegraphic service, and is open to other objections. Wireless time-signals, on the other hand, cause no interruption of the regular service. They are received each morning at seventeen of the principal stations on the line of the French railways from the national
